The average foster child moves seven times before reaching adulthood. Often they are forced to leave a foster home abruptly and with very few belongings, furthering the sense of instability and confusion foster children already face when transitioning from home to home.

We founded the nonprofit organization For Families like Us in 2017 to open special shop at which foster families can find free clothing, shoes and supplies for infants, children and teens placed in foster care, kinship, or other approved placement, as well as those adopted from foster care. As founders of the organization, we ourselves are both former foster parents and a former foster child, so we experienced first-hand the needs of children in the foster or kinship system. Our goal is to help these children feel normal.

This work would not be possible without support from our generous volunteers and donors, who have provided time, talent and treasure to help us advance our mission. Now, we are looking for a donation of space for our clothing closet. We need a location of approximately 1,000 square feet to provide clothing for free to children in foster and kinship care. Ultimately we aim to purchase our own space, but because we are just starting out, we are looking for a donation of space rent-free on a month-to-month basis.

By donating your space to the For Families Like Us Clothing Closet, your in-kind tax-deductible donation may provide a significant tax deduction, since we are a registered 501(c)(3) nonprofit. In addition, you will be supporting a very worthy mission while showing your commitment to the children and families in our community.

We hope you will consider donating space for a For Families Like Us Clothing Closet to serve the children of foster and kinship families among us. If you would like to donate your space, please contact me by phone at (281) 570-7789 or by email at robertjmoore@gmail.com. You can follow our work online at <http://forfamilieslikeus.org>.

Thank you in advance for joining with us to transform the lives of foster children!

Sincerely,
Founders
